

INSTALLATION INSTRUCTIONS OF THE LIGHT FITTINGS WITH SHADE ATTACHMENT BY SCREWS

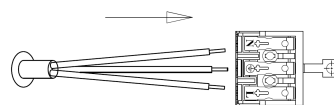

1. loosen the screws at the side of fixture

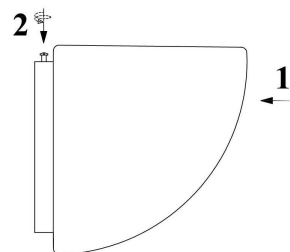

2. check if the electrical supply is switched off
3. extend the input cable through opening in the fixture and fix it to the wall/ceiling by using screws

4. supply the input conductors with silicon sleeves
5. connect the input conductors

6. install the light source
7. put the shade on and fix it lightly with the screws

Electrical installation and safety:

Generally it is necessary to follow the EU regulations. At any revision or service activity it is necessary to disconnect lighting fitting from the electrical network. Only qualified and experienced person can do this work.
